## Customs Notice 17-22

CN 17-22 – Interim Process for Electronic House Bills

- <http://www.cbsa-asfc.gc.ca/publications/cn-ad/cn17-22-eng.html>
- This notice provides new information regarding the requirements for electronic house bills during the interim voluntary period as indicated in [Customs Notice 17-15, Changes to the Implementation Timeline for Electronic House Bills](#).
- As of August 14th, 2017 and for the duration of the interim period outlined in [Customs Notice 17-15](#), the option of allowing single shipments (back to back shipments) using the electronic house bills to release goods from primary sufferance warehouses will be suspended. Prior to this date the CBSA will allow freight forwarders to adjust and make any necessary processing changes, but we encourage freight forwarders to cease transmitting electronic house bills for back to back shipments destined to a primary warehouse as soon as possible.
