Section 10 of the Regulations describes exports that require the exporter to hold a valid export permit issued under the Regulations. A copy of the permit must be included with these exports in addition to the labeling prescribed by section 21.

A minimum 30-day prior notice of export is mandatory under section 5 of the regulations for all exports, including those requiring an export permit.

## Part 4: Declaration

I understand that I, as the exporter, assume all responsibility for the removal of the substance from the country of destination and any related costs, including the transportation, care, control and storage of the substance, in the event that the exported substance is in contravention of any conditions set out in the export permit or if the export takes place after the export permit has expired or has been cancelled.

I declare that the above information is accurate and complete. I understand that information in this application may be released to the country of destination.
